

CREIGHTONS MOVE INTO MEDICATED SKINCARE

Creightons understand skin care and how best to take care of problem skin. That's why we are launching **Perfectly Clear**, a complete range of regime products to suit all needs. From gentle daily cleansing to fast action spot treatments, we have it covered. The range is suited for all skin types and contains a unique blend of performance antibacterial actives which help prevent spots and restore the skins natural balance.

Perfectly Clear Exfoliating Facial Scrub **CN3500 - 100mL @ 3.38 FL. OZ.**

Micro beads and salicylic acid unclog pores, remove dead skin cells, oil and everyday impurities that build up on the skin, which helps prevent spots.

Perfectly Clear Mattifying Moisturiser **CN3503 - 75mL @ 2.53 FL. OZ.**

Specially formulated with salicylic acid, it keeps spot prone skin clear, healthy and oil free. Restores the right balance of moisture and oil to counter dryness and shine.

Perfectly Clear Cleansing Face Wash **CN3501 - 100mL @ 3.38 FL. OZ.**

Removes everyday impurities and excess oil, helping to reduce spots and prevent future breakouts, leaving skin deeply cleansed and invigorated.

Perfectly Clear Calming Spot Gel **CN3502 - 30mL @ 1.01 FL. OZ.**

Antibacterial treatment, formulated with salicylic acid targets spots and penetrates deep into pores to help reduce blemishes and redness. Helps calm irritated skin leaving a healthier, clearer complexion.
